

Meet Riley.

Riley is a third grader who comes to the Funhouse nearly every day. She loves music, sewing, and drama club.

“The Funhouse is the funnest place in the world!”

Last spring Riley joined the Funhouse mentor program. Her mentor, Janice, is someone Riley really looks up to. They enjoy hiking, watching movies, and doing art together. Riley says that it's really nice to have so much in common with a grown-up. She feels that she can talk to Janice about anything. Riley says, ***“If I have a problem, she will help me figure it out.”***

Currently, 24% of the youth population on Orcas are participating in the Funhouse mentor program. Every day, we see Riley and all the other kids participating in the mentor program benefit from having a caring adult in their lives.
